NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

7. All subscriptions and advertisement charges are payable *in advance*. When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

EXCISE DEPARTMENT.

SALE OF ENGLISH DRAUGHT BEER TAVERN IN THE BOWRINGPET TALUK FOR THE YEAR 1911-12.

Notice No. 9684, *dated* 22*nd May* 1911.

1. Notice is hereby given that the exclusive privilege of selling English Draught Beer or Porter in the tavern established in the Kolar Gold Fields for the year beginning with 1st July 1911 and ending with 30th June 1912, will be sold by public auction on the date and at the place mentioned below, by the Deputy Commissioner of the district concerned or other officer authorized by him.

2. The exclusive privilege will first be put up to auction at an upset price fixed at Rs. 100 per mensem. If there are no bids for or above the upset price, then it will be put up to auction at the upset price of Rs. 25 per hogshead of Beer or Porter which will be sold in the tavern.

3. Each bidder at the auction shall deposit a sum of Rs. 100 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders, will be returned to them.

5. The person to whom the tavern has been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service of the said notice by its presentation to the purchaser or any adult male member of the family at the place of the said address or by its being affixed thereto or by its forwardal duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of Rs. 200 for the tavern knocked down to him or such other reasonable amount as may be fixed by the Deputy Commissioner according to the value of the tavern; and shall take out licenses and execute counterpart-engagements, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart-engagement, as aforesaid, the tavern will be resold at the risk of such person, or will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. Resales effected under para 6 *supra* will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by resale or other disposal, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale or by disposal otherwise. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale or other disposal, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely—

(1) The privilege conferred by the license extends to the sale of English Draught Beer or Porter brewed in England or on the Continent, approved by Government.

EXCISE DEPARTMENT.

SALE OF ENGLISH DRAUGHT BEER TAVERN IN THE BOWRINGPET TALUK FOR THE YEAR 1911-12.

Notice No. 9684, *dated* 22*nd May* 1911.

1. Notice is hereby given that the exclusive privilege of selling English Draught Beer or Porter in the tavern established in the Kolar Gold Fields for the year beginning with 1st July 1911 and ending with 30th June 1912, will be sold by public auction on the date and at the place mentioned below, by the Deputy Commissioner of the district concerned or other officer authorized by him.

2. The exclusive privilege will first be put up to auction at an upset price fixed at Rs. 100 per mensem. If there are no bids for or above the upset price, then it will be put up to auction at the upset price of Rs. 25 per hogshead of Beer or Porter which will be sold in the tavern.

3. Each bidder at the auction shall deposit a sum of Rs. 100 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders, will be returned to them.

5. The person to whom the tavern has been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service of the said notice by its presentation to the purchaser or any adult male member of the family at the place of the said address or by its being affixed thereto or by its forwardal duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of Rs. 200 for the tavern knocked down to him or such other reasonable amount as may be fixed by the Deputy Commissioner according to the value of the tavern; and shall take out licenses and execute counterpart-engagements, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart-engagement, as aforesaid, the tavern will be resold at the risk of such person, or will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. Resales effected under para 6 *supra* will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by resale or other disposal, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale or by disposal otherwise. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale or other disposal, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely—

(1) The privilege conferred by the license extends to the sale of English Draught Beer or Porter brewed in England or on the Continent, approved by Government.

(2) The tavern shall be maintained in or close to the existing tavern as may be determined by the Deputy Commissioner.

(3) The amount payable for each month on account of the number of hogsheads of Beer or Porter sold, shall be paid into the Taluk Treasury in the first week of the following month, on the challan prescribed for the purpose. But if the tavern is sold on the rental system the khist of the month falls due on the 20th day of the month according to General Condition 27 applicable to all Excise and Opium Licenses published in Notification No. 7976, dated 6th April 1911. The security deposit shall be taken towards the amount due for the last two months of the period of the lease. Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at the rate of one pie per rupee per mensem or part thereof under the

rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(4) The licensee shall further pay a duty of two annas and one pie and a half for every gallon of English Draught Beer or Porter imported by him.

(5) The consignment of English Draught Beer or Porter purchased by the licensee, shall, on arrival, be inspected by the Amildar or an Excise officer at the Railway Station. The invoice covering the consignment shall be duplicated, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. On the duty at the abovementioned rate being paid by the licensee on the prescribed challan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized on this behalf.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise officers.

(7) The licensee shall be bound to take over any Beer or Porter which remained as stock in hand belonging to the out-going licensee on the 30th June 1911, in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(8) This lease shall not be transferable by sale, gift, mortgage or otherwise without the previous sanction of the Excise Commissioner.

(12) He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, vendor's name, the number of his shop, and the article he is licensed to deal in.

(13) He shall not receive any articles whatsoever in barter or pledge, and payment for Beer or Porter shall be made in ready money only at not less than one and a half rupee per imperial gallon and proportionately for fractions thereof.

(14) The Beer or Porter sold under this license shall be brewed from good materials and its quality shall be such as to satisfy the Excise Commissioner, and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. Wort shall not exceed 1,073°. The Beer or Porter sold shall not contain more than 8 per cent alcohol by volume. The licensee will be bound to pay duty, together with local cess, at the prescribed rate per gallon of proof spirit on all alcohol in the Beer or Porter in excess of 8 per cent by volume, besides being liable for prosecution. Samples of such Beer or Porter shall be sent duly bottled from the tavern for examination and test whenever required by the Excise Department.

(15) Any Magistrate having local jurisdiction, or any officer acting under his warrant or Excise officer shall be allowed entry to the shop at any hour to test the Beer or Porter on the premises and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned Beer shall be destroyed.

(16) He shall close his shop by 9 P.M., and not open it before sunrise, except on special permit in cases of Native festivals, etc

(17) Beer brought for the Commissariat Department and rejected by the Military or other Departments, shall not, under any circumstances, be forwarded for sale in the tavern.

(18) The shop shall have only one door, and no window be allowed to the rear or ends of the building; the bar where the liquor is sold from, shall be opposite to the entrance door, and so situated that all persons inside can be seen by any one passing to and fro in the street; and no second room shall be allowed to be kept open for customers.

(19) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

8. In the case of any breach of the above conditions either by the licensee, or with his connivance and privity by any person in his employment, or in the event of the licensee neglecting to open his tavern or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his tavern on 1st July 1911, shall be made good by him. When a license is cancelled, the vend fee for the remaining period of the lease calculated on the average consumption of the previous three years shall be payable at once and in default of payment shall be recovered with all losses as if they were arrears of land revenue.

PART II.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

CIVIL SIDE.

Rule of Practice No. 148, *dated 2nd June* 1911.

The following rules regulating the grant of copies and the appointment of copyists in Civil Courts framed by the Chief Court in the exercise of the powers conferred by Section 652 of the Code of Civil Procedure are issued in supersession of the rules contained in Rule of Practice No. 111, dated 8th September 1902, and the *addenda et corrigenda* subsequently issued :—

1. Every application for a copy shall be made to the Judge of the Court in which the record containing the document is. When such record has been despatched to the Central Record Room, the application shall be forwarded to the Officer in charge and it shall thereupon be the duty of that officer to inform the Court what fees are required for the copy. When requisite fees have been forwarded to the Officer in charge of the Central Record Room, the copy shall be made without delay and shall be sent by post to the Court for delivery to the applicant. If the applicant so prefers, the application may be endorsed as admissible and returned to the applicant for presentation to the Officer in charge of the Central Record Room. Any fees received at the Central Record Room shall at once be credited in the Cash Book of the Officer in charge and shall be retained by the Nazir pending payment to the copyists or return to the applicant.

2. The application shall be presented by the applicant in person or by his pleader, or by his pleader's registered gumasta to the Head Ministerial Officer or such other officer as the

Court may appoint for this purpose, between the hours of 11 A.M. and 3 P.M. Every application shall set out:—

(a) the name of the applicant and his position (if any) in the suit or proceeding; also the name of his pleader and of his pleader's registered gumasta (if any);

(b) the description of the document of which a copy is required; and

(c) whether the copy is to be made on three-pies paper or on ordinary paper.

3. Any application not containing the particulars required to be specified under Rule 2 is not to be admitted until it is amended in respect of the matters in which it is defective.

4. Parties to a suit are entitled at any stage of the proceedings to obtain copies of the record of the suit, including exhibits which have been admitted in evidence.

5. A stranger to a suit may *after decree* obtain as of course copies of the plaint, written statements, affidavits and petitions filed in the suit and of the depositions of witnesses and may, for sufficient reason shown to the satisfaction of the Court, obtain copies of any such documents *before decree.*

6. A stranger to a suit may also obtain as of course copies of judgments, decrees or orders at any time after they have been passed or made.

7. A stranger to a suit wishing to obtain copies of exhibits admitted in evidence must apply by petition specifying the purpose for which such copies are required, and the Court may order the grant of the same.

8. Copies of the Judge's minutes, of correspondence not strictly judicial and generally of any confidential proceedings will not be granted.

9. When any party to a suit applies for a Kanarese translation of a decree which has been drawn up in English, such translation shall be granted on payment of the ordinary copying fees.

10. Where any doubt arises as to whether the document, of which a copy is applied for, is one of which a copy can or ought to be granted, the Head Ministerial Officer or other officer, as the case may be, shall obtain the order of the Judge. If the application is refused by the Judge it will be returned to the applicant with the order of refusal endorsed thereon.

11. As soon as an application is admitted it shall be passed on to the examiner and shall be entered in the register of applications for copies. Where any application shows the date of institution but not the date of disposal of the connected record, the latter date will be ascertained by the officer receiving the application and will be noted on the application before it is passed on.

12. When an application has been registered, the record shall at once be obtained by the examiner from the Record-keeper or clerk in whose possession it is, and the applicant shall be informed as soon as practicable of the amount of fees and of the cost of paper (if any) required for the copy. He shall also be informed that the preparation of the copy will not be put in hand until the full amount of the fees and costs has been paid.

13. Copying fees shall be calculated at the rate of one anna and eight pies for every hundred words or fraction thereof (whether English or Kanarese), five figures being taken as equivalent to one word. The term 'fees' includes fees for examining the copy; also the cost of writing materials and (except when the copy is made on three-pies paper) the cost of the paper which should be of a durable quality.

14. In calculating the amount of fees chargeable it is not necessary to count all the words to be copied. It will be sufficient to compute their number as nearly as possible. Any additional fees required may be called for afterwards and any excess fees will be refunded to the applicant. Where the copies applied for are of maps, plans or geneological trees they shall be prepared by skilled labour. A reasonable fee (proportionate to the skill, labour and time occupied in preparing the copy) shall in each case be fixed by the Court and deposited in cash by the party applying, in the same manner as for a commissioner under the Code of Civil Procedure. And the whole of such fee shall be paid to the person employed in preparing the copy, he supplying his own materials. Such copies may be prepared by licensed copyists if, in the opinion of the Court, they are competent for the work.

15. All fees, etc., deposited shall at once be entered by the examiner in his register and a receipt in the prescribed form shall be filled in and made over to the applicant. At the same time the examiner shall fix and intimate to the applicant a date not exceeding ten days ahead on which he should attend to ascertain whether the copy is ready or whether any further advance is required. Should the copy not be complete on the date so fixed the applicant shall be directed to attend on another date not exceeding ten days from the first date and so on. The successive dates on which the applicant is told to attend and on which he attends shall be entered on the receipt.

16. The preparation of copies shall, as far as possible, be undertaken in the order in which the applications are made, but precedence shall be given to the preparation of copies which are urgently required for the purpose of instituting suits, appeals or other proceedings or for the purpose of pending suits, appeals or other proceedings.

17. When the copy applied for has been prepared by the copyist it shall be compared by the examiner aided by a reader who may be a copyist, but in no case shall a copy be read to the examiner or the examiner be in any way assisted by the copyist who prepared the copy. If in any Court the realizations from fees do not admit of a separate examiner being appointed, the best qualified of the copyists will be selected for this work. No copies will be examined by any salaried official of the Court nor shall such official receive any remuneration therefor.

NOTE.—For the purpose of this rule 'fees' include fees realized in connection with Criminal cases.

18. The system of dividing the total amount of earnings of the several copyists attached to a Court equally among them irrespective of the quantity of work done is prohibited. Each copyist and examiner will receive only what is actually earned by him The Officer in charge of the copying establishment shall be responsible for the work of copying and that of reading to the examiner being distributed equally among the licensed copyists. No person who is not a licensed copyist shall be employed in the preparation of copies, and in order to ensure legible writing not more than 15 pages should as a rule be given daily to each copyist. The fee of one anna and eight pies realized under Rule 13 shall be appropriated as under:—

Copyist 16 pies—Examiner 4 pies.

At the close of each day all records and all undelivered copies shall be taken back from the copyists and secured for the night by the Head Ministerial Officer or such other Officer as the Court may direct in that behalf. Fees paid by applicants should remain in charge of such officer of the Court as may be deputed for the work and should on no account be made over to the copyists.

19. When a copy is ready it shall before delivery be certified and sealed in the manner prescribed by Section 76 of the Evidence Act. The certificate that it is a true copy shall be signed by the Head Ministerial Officer who shall initial every alteration or correction. The practice of making erasures by scratching-out or otherwise effacing words is strictly prohibited. Corrections should be made by drawing a pen through the word to be cancelled and by writing the substituted word above the word so cancelled. If the copy has been made upon three-pies paper the Head Ministerial Officer shall at the same time recover the requisite Court fees unless the copy is required for private use, in which case the fees chargeable on copies are remitted. Court fee labels shall be affixed to the first page of the copy and shall be cancelled by punching out with a square punch a portion of each label in such a manner as to remove neither the figure head nor that part of the label upon which the value is expressed. The copy (if stamped) shall then be passed on to the clerk in charge of the Daily Register of Court fees who will make the necessary entries in his register and return the copy for delivery to the applicant.

In the case of copies issued by the Officer in charge of the Central Record Room a similar procedure will be observed.

20. When copies have been delivered the records shall at once be returned to the Record-keeper or clerk from whom they were obtained.

21. Copies will be delivered to the applicants concerned between the hours of 11-30 A.M. and 3 P.M. if the copies or any unexpended fees are not claimed within 12 months from the date on which the copies were ready for delivery, such copies shall be destroyed by or in the presence of the Judge and any unexpended fees will be credited to Government, a note to that effect being made in the Register of applications for copies. The said fees should be drawn on cheques from the Nazir's personal deposit account and credited by transfer to XIV A. Law and Justice, (4) Savings and refunds.

22. Every copy shall bear an endorsement showing the following particulars:—

(1) Copy applied for on the
(2) Applicant told to appear on the
(3) Applicant appeared on the
(4) Copying stopped for want of funds on the
(5) Second and subsequent advances paid on the
(6) Copy ready on the
(7) Copy delivered on the
(8) Copied by
(9) Examined by
(10) Copying charges

The dates referred to in this rule shall be expressed in figures not in words and all corrections shall be properly attested. When certifying a copy the Head Ministerial Officer shall satisfy himself that these entries have been correctly made.

23. In case any applicant shall desire to have his copy sent to him by post the copy can be forwarded by registered packet if the required charges are available, otherwise by post bearing. In every such case 'Copy posted' shall be substituted for 'Copy delivered' on the endorsement referred to in Rule 22, and in columns 13 and 14 of the Register of applications for copies the date of despatch will be entered and the signature of the despatching clerk taken.

24. The presiding Judge of each Court shall examine the Register of applications for copies at least once a month, particular attention being paid to ascertaining that applications for copies are complied with without any undue delay, that charges for copying and examining are properly levied, that no excess fees are charged and that the copying work is so distributed as to ensure, as far as possible, an equal income to all the copyists.

25. A fixed number of copyists and an examiner (when necessary) will be appointed by the presiding Officer of each Court. The number should be so regulated as to ensure for each copyist a monthly income of not less than Rs. 10 and for an examiner not less than Rs. 12. As a rule no one should be appointed as a copyist unless he is a passed candidate acquainted with English and Kanarese and is able to write a good hand and preference should be given to candidates who are proficient in typewriting.

26. The Judge of every Court subordinate to a District Court shall, at the commencement of each quarter, submit a statement showing the names of copyists employed in his Court, the amount of fees earned by each, the number of applications received, the number disposed of and the number pending with the date of the oldest pending application. Any marked difference in the sums earned by different copyists and any undue delay in the disposal of applications should be explained in the column of remarks. The District Judge will forward the statements to the Chief Court together with a similar statement for his own Court.

27. If the Judge finds that there is more work that can be performed without undue delay by the copyists attached to the Court he may increase the number. If the fees collected are not sufficient to ensure to each copyist and examiner the minimum income mentioned in Rule 25 he may curtail the number. Such increase or decrease shall be subject to the approval of the District Judge or the Chief Court, as the case may be.

28. The granting of copies in all Civil Courts, including those exercising Criminal powers, shall be governed by these rules, and there shall be only one establishment of copyists and examiners for both sides of the Court.

29. These rules apply *mutatis mutandis* to the copying establishment of the Chief Court, the powers conferred on Judges under the rules being exercised by the Registrar or such other responsible officer as the Chief Judge may direct.

30. Nothing contained in these rules shall apply to printed copies or to copies which, under any provision of law or rule having the force of law, the Courts are required to grant free of cost. Copies which have to be granted free of cost shall be made by the regular establishment of the Courts.

EXCISE DEPARTMENT.

SALE OF ENGLISH DRAUGHT BEER TAVERN IN THE BOWRINGPET TALUK FOR THE YEAR 1911-12.

Notice No. 9684, *dated* 22*nd May* 1911.

1. Notice is hereby given that the exclusive privilege of selling English Draught Beer or Porter in the tavern established in the Kolar Gold Fields for the year beginning with 1st July 1911 and ending with 30th June 1912, will be sold by public auction on the date and at the place mentioned below, by the Deputy Commissioner of the district concerned or other officer authorized by him.

2. The exclusive privilege will first be put up to auction at an upset price fixed at Rs. 100 per mensem. If there are no bids for or above the upset price, then it will be put up to auction at the upset price of Rs. 25 per hogshead of Beer or Porter which will be sold in the tavern.

3. Each bidder at the auction shall deposit a sum of Rs. 100 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The tavern will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion, without assigning reasons for the same. Such formal confirmation will, unless revised by Government, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

4. As soon as the auction is completed, the deposits made by the unsuccessful bidders, will be returned to them.

5. The person to whom the tavern has been knocked down, shall be required to leave his address with the sale-conducting officer in order that the confirmation of the sale may be communicated to that address, and within seven days after service of the said notice by its presentation to the purchaser or any adult male member of the family at the place of the said address or by its being affixed thereto or by its forwardal duly registered by post, deposit such further sum as, with the first deposit, will make up a total security of Rs. 200 for the tavern knocked down to him or such other reasonable amount as may be fixed by the Deputy Commissioner according to the value of the tavern; and shall take out licenses and execute counterpart-engagements, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out license or to execute the counterpart-engagement, as aforesaid, the tavern will be resold at the risk of such person, or will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. Resales effected under para 6 *supra* will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by resale or other disposal, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale or by disposal otherwise. In the latter case, the forfeited deposit shall be deducted from the loss arising from the resale or other disposal, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale or other disposal, the whole of such deposit shall be credited to Government.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely—

(1) The privilege conferred by the license extends to the sale of English Draught Beer or Porter brewed in England or on the Continent, approved by Government.

(2) The tavern shall be maintained in or close to the existing tavern as may be determined by the Deputy Commissioner.

(3) The amount payable for each month on account of the number of hogsheads of Beer or Porter sold, shall be paid into the Taluk Treasury in the first week of the following month, on the challan prescribed for the purpose. But if the tavern is sold on the rental system the khist of the month falls due on the 20th day of the month according to General Condition 27 applicable to all Excise and Opium Licenses published in Notification No. 7976, dated 6th April 1911. The security deposit shall be taken towards the amount due for the last two months of the period of the lease. Failing payment as above, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at the rate of one pie per rupee per mensem or part thereof under the

rules in force for the collection of land revenue. No remission or abatement of the Government dues shall, on any account whatever, be claimable by the licensee.

(4) The licensee shall further pay a duty of two annas and one pie and a half for every gallon of English Draught Beer or Porter imported by him.

(5) The consignment of English Draught Beer or Porter purchased by the licensee, shall, on arrival, be inspected by the Amildar or an Excise officer at the Railway Station. The invoice covering the consignment shall be duplicated, the original being sent to the Amildar of the taluk, and the duplicate to the Excise Commissioner. On the duty at the abovementioned rate being paid by the licensee on the prescribed challan, the Amildar shall allow the licensee to remove the consignment to his tavern upon a pass signed by the Amildar or other officer authorized on this behalf.

(6) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Beer or Porter, which forms shall be purchased from local Excise officers.

(7) The licensee shall be bound to take over any Beer or Porter which remained as stock in hand belonging to the out-going licensee on the 30th June 1911, in the existing tavern, paying to the latter such compensation for the same as may be fixed by the Excise Commissioner.

(8) This lease shall not be transferable by sale, gift, mortgage or otherwise without the previous sanction of the Excise Commissioner.

(12) He shall fix in a conspicuous place outside of his shop a board on which shall be legibly painted his name, vendor's name, the number of his shop, and the article he is licensed to deal in.

(13) He shall not receive any articles whatsoever in barter or pledge, and payment for Beer or Porter shall be made in ready money only at not less than one and a half rupee per imperial gallon and proportionately for fractions thereof.

(14) The Beer or Porter sold under this license shall be brewed from good materials and its quality shall be such as to satisfy the Excise Commissioner, and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. Wort shall not exceed 1,073°. The Beer or Porter sold shall not contain more than 8 per cent alcohol by volume. The licensee will be bound to pay duty, together with local cess, at the prescribed rate per gallon of proof spirit on all alcohol in the Beer or Porter in excess of 8 per cent by volume, besides being liable for prosecution. Samples of such Beer or Porter shall be sent duly bottled from the tavern for examination and test whenever required by the Excise Department.

(15) Any Magistrate having local jurisdiction, or any officer acting under his warrant or Excise officer shall be allowed entry to the shop at any hour to test the Beer or Porter on the premises and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned Beer shall be destroyed.

(16) He shall close his shop by 9 P.M., and not open it before sunrise, except on special permit in cases of Native festivals, etc

Date of sale.

Kolar Gold Fields shop—at Kolar Gold Fields Magistrate's Court, on 21st June 1911.

Notification No. 10028, *dated 5th June* 1911.

NOTICE OF SALE OF FOREIGN LIQUOR LICENSES FOR THE YEAR 1911-12.

Notice is hereby given that the privilege of selling Foreign Liquor under the licenses mentioned in the subjoined schedule during the year beginning 1st July 1911 and ending 30th June 1912 will be put up to public auction by Deputy Commissioners or Revenue Assistant Commissioners or District Officers of the Excise Department or other officers specially authorised by the Deputy Commissioners for the purpose on the dates and at the District Headquarters mentioned in the schedule, subject to the conditions hereinafter set forth. If the sales are not completed on the dates fixed, they will be continued on the next following days, close holidays excepted.

2. A deposit of Rs. 20 must be made by each bidder previous to bidding and will be received at any time within three days previous to the date of sale.

3. The shops will be put up to auction at an upset price of Rs. 150 per annum.

4. Every shop should, as a rule, be sold independently.

5. No person will be allowed to bid for another unless he holds a power-of-attorney from the latter.

6. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

7. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low or that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason.

8. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Government for special reasons and will be necessary whether the sale be held by the Deputy Commissioner himself or by any officer appointed by him.

9. In cases of dispute at the time of auction the selling officer's decision shall be final; and if for any reason the highest bid is rejected the next highest shall be taken or the shop resold at his discretion.

10. Tenders after auction shall not generally be accepted. Shops remaining unsold at the first auction shall ordinarily be disposed of by re-auction later on. But the Deputy Commissioner has full discretion on this point.

11. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of half a month's rent (in addition to the deposit made under condition 2) for each shop unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under condition 2 will be forfeited and the shops will be put up again to auction on the above conditions or otherwise disposed of as the selling officer may determine and the defaulter will be debarred from bidding again for the same or for any other shop.

12. Persons to whom shops have been knocked down and who have made deposits as provided in conditions 2 and 11 shall leave their address with the selling officer, in order that the confirmation of the sale may be communicated to that address by a notice, and they shall also deposit* such further sum as with the former deposits will make up two months' rent. Such deposit should be paid into the Taluk Treasury within seven days from the date of communication of the notice of the Deputy Commissioner's acceptance of the bid by its presentation to themselves or to any adult male member of their family at the place of the said address, or by its despatch duly registered by post. They shall then *without unnecessary delay* execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed the sum required to be deposited under this condition, the excess will be refunded unless the purchaser is required to make a deposit (twice that sum) under condition 13 *infra*.

13. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency or a foreigner having no sufficient property in the Mysore State, he may be required either to deposit twice the sum prescribed in condition 12 *supra* or to get a surety or sureties, residents of and possessing sufficient property in the Mysore State to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 32 of Schedule I of the Mysore Stamp Regulation, II of 1900) and also registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

14. As soon as the sales are over, the sale-conducting officer shall forward a list of the successful bidders to the Amildar of the taluk concerned who shall enquire into the solvency of and record the amount of deposit or surety required from each purchaser. He should submit the list so prepared to the selling officer within five days of its receipt and the latter should submit the same with his remarks to the Deputy Commissioner for confirmation without delay.

15. On the failure of any person to make deposit under condition 12 or to comply with the requisition under condition 13 *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop be resold or otherwise disposed of at the discretion of the Deputy Commissioner.

16. Resales effected under condition 15 will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

* Deposits may be in cash or other approved security.

17. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

18. The deposit referred to in condition 12 or condition 13, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Deputy Commissioner and the licensee so agree it may be credited towards the last instalment of the khists payable by the latter.

19. The licenses issued under the above clauses will be subject to the following conditions :—

(1) The limits within which sales under any license may be carried on will be specified by the Deputy Commissioner at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor outside those limits is prohibited.

Every shop-keeper shall on his own motion close his shop when there is riot or disturbance in the neighbourhood.

(12) The Deputy Commissioners may order the transfer of shops from one locality to another, provided the distance is not more than two hundred yards.

(13) The right is reserved to the Deputy Commissioner to grant "Occasional Licenses" for the sale of liquor, on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses shall ordinarily be granted to the shop-keepers who usually supply the locality or to the representatives of the renter. Their period shall not exceed ten days, and the fee to be paid therefor shall be fixed at the Deputy Commissioner's discretion.

(16) No holder of any license will be allowed, without special permission from the Excise Commissioner, to possess or continue to possess any interest direct or indirect in any abkari or opium license in any districts of the Madras or Bombay Presidency under the British Government, or any other Foreign State or Territory or Civil and Military Station, Bangalore.

(17) Shops must be kept open unless their temporary or permanent closure is authorized by the Deputy Commissioner and such supply of liquor as the Deputy Commissioner may consider sufficient to meet local requirements must be maintained therein. Shops not opened by dates to be fixed by the Deputy Commissioner shall be liable to be resold at the risk of the licensees.

(18) No liquor shall be sold either below or above such minimum or maximum prices as may be fixed for sale of the same in accordance with the law for the time being in force.

(19) No liquor in excess of the quantity prescribed for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit.

(20) True accounts of transactions shall be maintained from day to day in ink in the prescribed form. The accounts and permits shall be in printed books. The account books may be obtained from local Excise officers on payment of cost price. The permit books can be obtained at all Range offices on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. He shall be bound to replace any sums adjusted from his deposit whithin fifteen days of receipt of notice from the Deputy Commissioner.

(26) Power is further reserved to Deputy Commissioner to suspend licenses in case of failure of payment of kists.

(27) In the event of suspension of a license for failure to pay arrears, the privilege of sale will be resold with effect from the date of issue of license to the new purchaser or otherwise disposed of at the Deputy Commissioner's discretion. All losses on account of suspension and resale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture. The officer who has power to suspend the license may, however, at his discretion allow sales to continue pending resale or other disposal of the privilege.

(28) Interest on all moneys due shall be payable at the rate of 6 per cent per annum

(29) Infraction of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee—

Either (*a*) fine up to Rs. 50,

or (*b*) forfeiture of deposits, if any, and cancellation of license and resale or other disposal of the privilege at the risk of the licensee.

The licensee or his agent may also be prosecuted for the specific offence committed.

The rent for the whole lease shall become due at once, when a lease is cancelled under this condition.

Note.—For continuing breaches of a license, continuing fines may be imposed.

(30) Any license may be forfeited and the privilege be resold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the Excise Regulation or Opium Act, or of any offence under the Indian Penal Code which in the Deputy Commissioner's opinion renders him unfit to hold it. The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license. Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

(31) Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor without the Deputy Commissioner's previous permission.

(32) Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

(33) With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner at his discretion on giving the licensee fifteen days' notice of such revocation, in which case proportionate part of the fee paid will be refunded.

(34) All licensees shall be bound by any additional general rules that may be prescribed under the Excise laws and, if so required by the Deputy Commissioner or any officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

(35) The licensee shall be bound to take over any Foreign Liquor which may remain as stock in hand belonging to the outgoing licensees on 1st July 1911 in the shops paying them such compensation for the same as may be fixed by the Excise Commissioner.

It will at all times be optional with the Deputy Commissioner to withdraw licenses of this description, if it should appear that the sale of liquor to persons who have not partaken of meals in the Refreshment Room is permitted to such an extent or so habitually that the Refreshment Room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licenses. TREASURY ACCOUNT.

ANNUAL RETURNS OF ESTABLISHMENTS FOR 1ST JULY 1911.

Circular No. 2126—*T. A. D. II.* 1003, *dated* 26*th June* 1911.

1. The Comptroller has the honor to request that the officers named below will be so good as to furnish this office with their Annual Returns of fixed establishments for the 1st July 1910 prepared in accordance with the instructions laid down in pages 26, 27 and 28 (Chapter 5), Volume I of the Seventh Edition of the Civil Account Code, *so as to reach this office not later than the* 15*th August* 1910.

2. The returns should be prepared on *no other* than the prescribed *printed* form to be had from the Superintendent of Stationery, and should show accurately the establishment as it exists on 1st July. In preparing it, the following instructions should be carefully attended to :—

(*a*) The name, designation and pay of every gazetted officer, clerk, or menial servant holding a permanent appointment, whether on duty or absent on leave, or deputation, or under suspension, should be distinctly shown.

(*b*) The date of birth, year, month and day of the appointment and of appointment to present post, and of promotion to present pay of each person, as well as the number and date of the Government Orders creating the post, should be clearly entered in the appropriate columns of the statement, the exact date of birth by Christian era should be given as directed in Government Order No. Fl. 8225-67—S. A. 715-06, dated 2nd May 1907, and this office Circular No. 6402-70—A. C. 1036, dated 8—15th May 1907. If the month and the year is known, but not the exact date, the 15th of the month, and if the year only is known the 1st July should be taken as the date of birth. This date can only be altered under the orders of Government, except in the case of a clerical error. It should be noted that the column "Promotion to present pay" is to be filled in, only when the pay is progressive and the incumbent of the appointment is drawing pay in excess of the minimum.

(*c*) The return should show accurately the sanctioned scale of *permanent establishment*, and so will include every post, whether filled up or not. If a post be vacant, the word *vacant* should be set against it in the column of "*Name of incumbent.*"

(*d*) The names of *gazetted officers should be entered first*, and beneath them those of the clerks and servants in order of sections of the establishment: *there should be a separate total for each section*, the grand total being taken at the foot.

(*e*) The columns of *Minimum* and *Maximum* pay of post should be filled up *only* when the pay is progressive, *i.e.*, rises from a minimum to a maximum by annual increments; and if any annual increment is given with effect from 1st July, it should be included in the return, and compared with the certificate (in Form No. 8) required under Article 62 of the Civil Account Code, which would accompany the July bill.

(*f*) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of incumbent*" beneath the name of the absentee for whom he is officiating.

(*g*) If the acting incumbent holds a permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(*h*) If any person on the establishment has attained the age of fifty-five years, the number and date of the orders of Government or other competent authority permitting his retention in the service, should be quoted in a note at foot of the return, and the period for which his retention has been authorized should also be mentioned. If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(*i*) A detailed statement in Form 4 should be given at back of the original return Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished; and if they include the names of persons transferred from another appointment, those appointments should be specified, as well as the date from which the transfers have effect. Columns are also provided in Form 4 for information required

in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted, as also regarding non-gazetted officers who have been on leave other than privilege or casual, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Article 286 of the Mysore Service Regulations). The name of an officer, who is in transit to another office on the 1st July, should be shown in the return of the office from which he has been transferred, with a note that he is in transit.

(*j*) Separate returns on the same printed forms should be prepared for each permanent establishment existing on 1st July paid from *Local Funds*, and not more than one establishment should be exhibited on a single page. When the pay of any establishment or of any individual officer is met partly from General Revenues and partly from Local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

3. When completed in accordance with the above instructions, the detailed statement should be carefully checked with the service books, as it will be the chief authority by which hereafter pension claims will be tested. A certificate of this comparison should be endorsed on the return thus: "Compared with service books and found to agree."

N. B—(1) A special report from the head of the office that he has personally satisfied himself of the correctness of the entries in the schedule by checking a few items in the service register with the schedules should also be furnished.

(2) The Comptroller may call upon the head of office to send a few service registers for test and check with the schedules.

4. This return should be accompanied by an abstract, which will link together the gross numbers shown in the budget estimate of each establishment and the nominal rolls in the book of establishment.

5. Slips of paper should not be attached at foot of the returns, but if space is found insufficient, application should be made to the Stationery Department for a sufficient supply of forms for insertion in book form. In cases where more than one sheet is required to be used, care should be taken to have the sheets stitched in book form before the entries are made therein.

6. Pay bills due 1st October will not be discharged at the Treasuries unless accompanied by a certificate as follows:—

SANITARY

PROCEEDINGS OF THE CENTRAL SANITARY BOARD IN MYSORE.

Read docket No. 1961, Ml. 97-10-2, dated the 27th August 1910, from the Secretary to the Government of Mysore, General and Revenue Departments, Bangalore, forwarding estimate amounting to Rs. 1,521 for the improvement of the slaughterhouse in Mandi Mohalla, Mysore City, for the opinion of the Board.

2. Correspondence ending with letter No. 346, dated the 20th May 1911, from the Sanitary Engineer, Sanitary Division, suggesting the construction of a new slaughterhouse altogether, in preference to improving the existing one, as this would be more in keeping with the general improvement scheme that is being carried out by the Trust Board, and forwarding plan and estimates for a new slaughterhouse amounting to Rs. 15,655.

Resolution No. 1, *dated Bangalore the 4th July* 1911.

The Board learn that the existing building would be serviceable provided the improvements proposed are carried out and accordingly resolve that the estimate for Rs. 1,521 be approved. It does not seem to the Board that there is any urgent necessity for the adoption of the alternative design for a new slaughter-yard.

2. A few more water taps should be erected at the place to permit of better washing of the premises.

TREASURY ACCOUNT.

ANNUAL RETURNS OF ESTABLISHMENTS FOR 1ST JULY 1911.

Circular No. 2135—*T. A. D. II.* 1003, *dated* 26*th June* 1911.

1. The Comptroller has the honor to request that the officers named below will be so good as to furnish this office with their Annual Returns of fixed establishments for the 1st July 1911 prepared in accordance with the instructions laid down in pages 26, 27 and 28 (Chapter 5), Volume I of the Seventh Edition of the Civil Account Code, *so as to reach this office not later than the* 15*th August* 1911.

2. The returns should be prepared on *no other* than the prescribed *printed* form to be had from the Superintendent of Stationery, and should show accurately the establishment as it exists on 1st July. In preparing it, the following instructions should be carefully attended to :—

(*a*) The name, designation and pay of every gazetted officer, clerk, or menial servant holding a permanent appointment, whether on duty or absent on leave, or deputation, or under suspension, should be distinctly shown.

(*b*) The date of birth, year, month and day of the appointment and of appointment to present post, and of promotion to present pay of each person, as well as the number and date of the Government Orders creating the post, should be clearly entered in the appropriate columns of the statement, the exact date of birth by Christian era should be given as directed in Government Order No. Fl. 8225-67—S. A. 715-06, dated 2nd May 1907, and this office Circular No. 6402-70—A. C. 1036, dated 8—15th May 1907. If the month and the year is known, but not the exact date, the 15th of the month, and if the year only is known the 1st July should be taken as the date of birth. This date can only be altered under the orders of Government, except in the case of a clerical error. It should be noted that the column "Promotion to present pay" is to be filled in, only when the pay is progressive and the incumbent of the appointment is drawing pay in excess of the minimum.

(*c*) The return should show accurately the sanctioned scale of *permanent establishment*, and so will include every post, whether filled up or not. If a post be vacant, the word *vacant* should be set against it in the column of "*Name of incumbent.*"

(*d*) The names of *gazetted officers should be entered first*, and beneath them those of the clerks and servants in order of sections of the establishment : *there should be a separate total for each section*, the grand total being taken at the foot.

(*e*) The columns of *Minimum* and *Maximum* pay of post should be filled up *only* when the pay is progressive, *i.e.*, rises from a minimum to a maximum by annual increments ; and if any annual increment is given with effect from 1st July, it should be included in the return, and compared with the certificate (in Form No. 8) required under Article 62 of the Civil Account Code, which would accompany the July bill.

(*f*) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of incumbent*" beneath the name of the absentee for whom he is officiating.

(*g*) If the acting incumbent holds a permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(*h*) If any person on the establishment has attained the age of fifty-five years, the number and date of the orders of Government or other competent authority permitting his retention in the service, should be quoted in a note at foot of the return, and the period for which his retention has been authorized should also be mentioned. If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(*i*) A detailed statement in Form 4 should be given at back of the original return Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year ; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished ; and if they include the names of persons transferred from another appointment, those appointments should be specified, as well as the date from which the transfers have effect. Columns are also provided in Form 4 for information required

in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted, as also regarding non-gazetted officers who have been on leave other than privilege or casual, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Article 286 of the Mysore Service Regulations). The name of an officer who is in transit to another office on the 1st July, should be shown in the return of the office from which he has been transferred, with a note that he is in transit.

(*j*) Separate returns on the same printed forms should be prepared for each permanent establishment existing on 1st July paid from *Local Funds*, and not more than one establishment should be exhibited on a single page. When the pay of any establishment or of any individual officer is met partly from General Revenues and partly from Local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

3. When completed in accordance with the above instructions, the detailed statement should be carefully checked with the service books, as it will be the chief authority by which hereafter pension claims will be tested. A certificate of this comparison should be endorsed on the return thus: "Compared with service books and found to agree."

N. B.—(1) A special report from the head of the office that he has personally satisfied himself of the correctness of the entries in the schedule by checking a few items in the service register with the schedules should also be furnished.

(2) The Comptroller may call upon the head of office to send a few service registers for test and check with the schedules

4. This return should be accompanied by an abstract, which will link together the gross numbers shown in the budget estimate of each establishment and the nominal rolls in the book of establishment.

5. Slips of paper should not be attached at foot of the returns, but if space is found insufficient, application should be made to the Stationery Department for a sufficient supply of forms for insertion in book form. In cases where more than one sheet is required to be used, care should be taken to have the sheets stitched in book form before the entries are made therein.

6. Pay bills due 1st October will not be discharged at the Treasuries unless accompanied by a certificate as follows :—

CIVIL SIDE.

Rule of Practice No. 149, *dated* 10*th July* 1911.

The following rules prescribed by the Chief Court in regard to the classification, arrangement, custody, preservation and destruction of the records of Civil Proceedings of Courts subordinate thereto and which have received the sanction of Government shall come into force from 1st August 1911.

SECTION I.

The Classification of Records.

1. The records of Judicial Proceedings, whether suits or cases, are divided into four classes.

2. Class I includes records of—

Exception.—Suits under Section 9 of the Specific Relief Act should be included not in this class but in class III.

(*b*) Suits in respect of the succession to an office, or to declare the validity or invalidity of an adoption, or otherwise to determine the status of an individual.

(*c*) Cases relating to the guardianship of lunatics and the care of their estates.

Note.—An application by an executor or administrator, or by the guardian of a minor or lunatic to sell, mortgage, etc., property belonging to the estate, is an application in the case and together with all the proceedings connected with it must form part of the record of the case.

(*d*) Cases under the Succession Certificate Regulation, 1901.

(*e*) Insolvency cases.

4. Class III includes records of all suits and miscellaneous cases which do not come under class I or class II.

5. Class IV includes—

Proceedings on an application to execute a decree.

Note.—Under the law all such proceedings are proceedings in the suit and they must be instituted as such; but for the purpose and ultimate disposal of the record, each application for execution shall be treated as a separate case, the record of which shall include the papers on all matters connected with the execution from the date on which the application was presented until it is finally disposed of.

SECTION II.

The Arrangement of the Record during Trial.

10. Every record under class II shall consist of one file to be styled and marked File B, which shall contain all the papers relating to the case.

11. Every record under class III shall consist of one or two files according as the presiding Judge shall in each instance direct. If there is one file it shall be styled and marked File C, if there are two files, they shall be styled and marked File C and File D. When there is only one file it shall contain all the papers relating to the case. Where there are two files, File C shall contain the papers specified as included in Files A and C of class I, and File D shall contain the papers specified as included in File D of class I.

Note.—In deciding whether there shall be one or two files the Judge shall have regard to the nature of the case and the size to which the record is likely to attain.

12. The papers in File C of class III will be arranged in the following manner:—

The papers which would belong to File A if the case were of class I will be placed in the order prescribed for File A; then will follow the papers which would belong to File C. The papers which would belong to File D will, if File D is not prepared, be put last of all.

13. Every record under class IV shall, except in the cases specified below, consist of one file to be styled and marked File C, which shall contain all the papers relating to the case. If the application is to execute a decree in a suit included in class I and a question is determined as to the construction of the decree or its effect as regards all or any of the parties thereto, or if possession is given of immovable property in pursuance of the decree, the record shall, as soon as the application is finally disposed of, be divided into two files to be styled and marked respectively File A and File C.

The copies of judgment and decree filed with the memorandum of appeal shall be placed in the C file.

The files shall be marked A, B or C as in the Court of first instance, according to the nature of the suit or case.

15. The pleadings, applications and proceedings in every suit or case shall, as far as possible, be attached to the file to which they belong as the trial proceeds and shall be arranged in the order in which they are brought before the Court.

16. The depositions of witnesses shall be arranged in the order in which they are given.

17. The distribution of the papers into the proper files must in all cases be made before the record is deposited in the Central Record-room, the object being to avoid the necessity of sorting the papers in the Record-room and to enable the Record-keeper to know at once by referring to the title page what files can be destroyed at any given time.

OFFICE OF THE COMPILER, *MYSORE GAZETTE.*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

7. All subscriptions and advertisement charges are payable *in advance.* When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

Notice.

In order to make the Chemical Laboratory of the Department of Agriculture more immediately useful to the landholders and cultivators of Mysore, it has been decided to undertake analyses of manures and soils free of charge to all *bona fide* applicants. Together with the analysis, advice will be given as to the use of the manures as well as to their actual value. VII. Read Mudgere Amildar's report No. 392, dated 4th May 1911, forwarding an estimate for Rs. 109 for clearing silt in the bed of the tank in front of Byredevaru temple in Gutti village, and requesting that a moiety of the estimated cost may be met out of District Funds, in consideration of the fact that the water of the tank is used for drinking purposes by devotees of the temple, etc.

Read—

1. Notes of Sanitary Inspection of Hiriyur by the Sanitary Commissioner in Mysore, dated the 25th May 1909, advocating the abandonment of the town in view of the condition of the subsoil, or the construction of drains to carry off the water that stagnates under present conditions.

2. Letter No. 5773, dated the 30th June 1909, from the Sanitary Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments, forwarding proposals for effectively draining the present site of the town and stating that as the inhabitants would be loth to shift from the present town site, the improvement of the health of the locality by the adoption of a drainage scheme would be regarded as a great boon by them.

3. Letter No. 10223—Ml. 233-08, dated the 16th June 1911, from the Secretary to Government of Mysore, General and Revenue Departments, Bangalore, forwarding copy of letter No. 4690, dated the 29th May 1911, with enclosures, from the Chief Engineer in Mysore, suggesting certain works at a roughly estimated cost of Rs. 7,200 for improvement of the town, consisting of (*a*) cutting a trench in order that percolation and seepage from the channel may be deflected and prevented from entering the town; (*b*) the removal of prickly-pear and other rank vegetation on the bank of the river to the north of the town, and cutting small drains to keep the place dry and clean; and (*c*) the provision of a week's supply of potable water in two or three important centres of the town, by drawing the supply from the right channel from about the 10th mile by means of iron pipes, so that the people might not resort to the contaminated river water, which gets the surplus from manured cultivation on the banks.

RESOLUTION No. 3.

Dated Bangalore, the 4th August 1911.

Resolved that the scheme be approved generally, the cost being moderate and the proposals sound and well worth a trial.

MYSORE STATE LIFE INSURANCE.

FAMILY PENSION BRANCH.

Notification No. 1—*F. P. B., dated* 5*th August* 1911.

With reference to Government Order No. Fl. 4906-B. 33-09-6, dated 18th March 1911, sanctioning the formation of a Family Pension Fund as an adjunct to the State Life Insurance Scheme, it is hereby notified that more than 50 gentlemen having expressed a desire to become subscribers, the Family Pension Branch has been started.

2. Printed forms are under issue to intending subscribers to enable them to state exactly the particulars of pension they desire to secure. When these forms are received back duly filled up, arrangements will be made for medical examination and issue of entrance certificates.

3. The undersigned takes this opportunity of offering a word of explanation regarding an impression which has gained ground in some quarters, *viz.*, that because the State Family Pension Scheme does not provide for a refund in case of death of a nominee, it is not desirable to join it. In the first place, it is not correct to say that the scheme does not provide for refund in the case of death of a nominee; for Rule 59 provides that surpluses declared at actuarial valuations may be devoted to affording relief to subscribers whose nominees die and to those of long standing. In the second place, which is better—to fix approximately correct rates of subscription which cover the risk, or levy an increased rate of subscription and refund a part when the nominee dies? The latter would be a complex and undesirable combination of the principles of a Savings Bank and a Family Pension Scheme; and as Government have already a Savings Bank Scheme working, they have chosen the former course.

4. The outstanding feature of the Government Scheme for Family Pension is that *for a very low rate of subscription* family provision is secured when there is actual need. The rate is not raised to secure the chances of a member getting a lumpsum when there is no need. The real object of a family pension has been kept in view and the rules framed accordingly.

5. It is hoped that the above explanation will make matters clear and that Government employees will now come forward in greater numbers to join the family pension scheme. In the case of officers of higher classes, *e.g.*, Assistant Commissioners, who are likely sooner or later to attain a salary on the full amount of which they will not be able to insure in the ordinary branch owing to the Rs. 50 limit, such a step seems very desirable, in the interests of officers themselves.

6. Government officers intending to become subscribers to the Family Pension Branch from its start should apply without delay for the necessary forms to the undersigned.

J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

7. All subscriptions and advertisement charges are payable *in advance*. When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

MYSORE STATE LIFE INSURANCE.

FAMILY PENSION BRANCH.

Notification No. 1—*F. P. B., dated 5th August* 1911.

With reference to Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, sanctioning the formation of a Family Pension Fund as an adjunct to the State Life Insurance Scheme, it is hereby notified that more than 50 gentlemen having expressed a desire to become subscribers, the Family Pension Branch has been started.

2. Printed forms are under issue to intending subscribers to enable them to state exactly the particulars of pension they desire to secure. When these forms are received back duly filled up, arrangements will be made for medical examination and issue of entrance certificates.

3. The undersigned takes this opportunity of offering a word of explanation regarding an impression which has gained ground in some quarters, *viz.*, that because the State Family Pension Scheme does not provide for a refund in case of death of a nominee, it is not desirable to join it. In the first place, it is not correct to say that the scheme does not provide for refund in the case of death of a nominee; for Rule 59 provides that surpluses declared at actuarial valuations may be devoted to affording relief to subscribers whose nominees die and to those of long standing. In the second place, which is better—to fix approximately correct rates of subscription which cover the risk, or levy an increased rate of subscription and refund a part when the nominee dies? The latter would be a complex and undesirable combination of the principles of a Savings Bank and a Family Pension Scheme; and as Government have already a Savings Bank Scheme working, they have chosen the former course.

4. The outstanding feature of the Government Scheme for Family Pension is that *for a very low rate of subscription* family provision is secured when there is actual need. The rate is not raised to secure the chances of a member getting a lumpsum when there is no need. The real object of a family pension has been kept in view and the rules framed accordingly.

5. It is hoped that the above explanation will make matters clear and that Government employees will now come forward in greater numbers to join the family pension scheme. In the case of officers of higher classes, *e.g.*, Assistant Commissioners, who are likely sooner or later to attain a salary on the full amount of which they will not be able to insure in the ordinary branch owing to the Rs. 50 limit, such a step seems very desirable, in the interests of officers themselves.

6. Government officers intending to become subscribers to the Family Pension Branch from its start should apply without delay for the necessary forms to the undersigned.

J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

(2) Revenue Commissioner's Memo No. 12878-85, dated 27th June 1911, sanctioning the Irrigation Cess Fund budget for 1911-12.

(3) Government Order No. 10321-34—L. B. 246-10-4, dated 19th June 1911, sanctioning the District Fund budget for 1911-12.

(4) Government Proceedings No. 9541-9—L. B. 301-10-2, dated 19th May 1911, directing that the pay of the peon of the Deputy Inspector of Vaccination be debited to the District Funds as at present.

(5) Government Proceedings No. 10207-8—L. B. 152-10-4, dated 16th June 1911, recording the proposal of the District Board to postpone the question of constituting the Marikanave village into a Union.

(6) Government Proceedings No. 10731-2—L. B. 363-10, dated 29th June 1911, sanctioning a contribution of Rs. 100 towards the maintenance of the Weaving School at Chitaldrug.

XIII. Extension of railway to Chitaldrug (*vide* Dasara Subject No. 294 of 1910).

Resolution.—(1) That the District Board accept the principle of levying a railway cess not exceeding three pies in the rupee on the land revenue to be utilised solely for Railway extension.

(2) That Government be requested to investigate and forward to the District Board a scheme for opening (i) a metre gauge and (ii) a Light Railway for connecting Chitaldrug with the Southern Mahratta Railway. The Board thinks that a line from Chitaldrug to Chikjajur will be cheapest.

(3) That as a three-pie cess will bring in only a revenue of about Rs. 14,000 per annum, Government be requested to sanction the establishment of a toll-gate at Chitaldrug, the income of which will go to augment the cess.

(4) Presuming that it is absolutely safe to consider that the railway will pay from the beginning a return of 1½ per cent, an extra income of Rs. 15,000 will guarantee a loan of six lakhs at 4 per cent. As this will thus be quite a safe investment, Government in the Public Works Department may be requested to lend this amount or issue debenture loans, as it is understood that the cost of the railway will not exceed six lakhs, the length being about 20 miles.

XIV. Resolved that the next meeting of the District Board be held on 14th August 1911.

NOTE.—Dasara preliminary meeting to 15th August 1911.

MYSORE STATE LIFE INSURANCE.

FAMILY PENSION BRANCH.

Notification No. 1—F. P. B., dated 5th August 1911.

With reference to Government Order No. Fl. 4906—B. 33-09-6, dated 18th March 1911, sanctioning the formation of a Family Pension Fund as an adjunct to the State Life Insurance Scheme, it is hereby notified that more than 50 gentlemen having expressed a desire to become subscribers, the Family Pension Branch has been started.

2. Printed forms are under issue to intending subscribers to enable them to state exactly the particulars of pension they desire to secure. When these forms are received back duly filled up, arrangements will be made for medical examination and issue of entrance certificates.

3. The undersigned takes this opportunity of offering a word of explanation regarding an impression which has gained ground in some quarters, *viz.*, that because the State Family Pension Scheme does not provide for a refund in case of death of a nominee, it is not desirable to join it. In the first place, it is not correct to say that the scheme does not provide for refund in the case of death of a nominee; for Rule 59 provides that surpluses declared at actuarial valuations may be devoted to affording relief to subscribers whose nominees die and to those of long standing. In the second place, which is better—to fix approximately correct rates of subscription which cover the risk, or levy an increased rate of subscription and refund a part when the nominee dies? The latter would be a complex and undesirable combination of the principles of a Savings Bank and a Family Pension Scheme; and as Government have already a Savings Bank Scheme working, they have chosen the former course.

4. The outstanding feature of the Government Scheme for Family Pension is that *for a very low rate of subscription* family provision is secured when there is actual need. The rate is not raised to secure the chances of a member getting a lumpsum when there is no need. The real object of a family pension has been kept in view and the rules framed accordingly.

5. It is hoped that the above explanation will make matters clear and that Government employees will now come forward in greater numbers to join the family pension scheme. In the case of officers of higher classes, *e.g.*, Assistant Commissioners, who are likely sooner or later to attain a salary on the full amount of which they will not be able to insure in the ordinary branch owing to the Rs. 50 limit, such a step seems very desirable, in the interests of officers themselves.

6. Government officers intending to become subscribers to the Family Pension Branch from its start should apply without delay for the necessary forms to the undersigned.

J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

RESOLUTION No 4.

Dated Bangalore, the 11th September 1911.

The project provides for a system of underground sewers with house connections adapted to Indian conditions superseding the combined scheme of surface drains and underground sewers which was being carried out till recently. No provision is made in the scheme for sub-soil drains nor for *all* the storm water drains needed within the City. The estimated cost of the complete scheme is Rs. 15,41,099, out of which Rs. 9,34,342 is proposed to be spent within the next five years. The works to be executed during the period are (1) the laying of sewers along main roads and thoroughfares in Nos. I, II and part I of No. III Drainage areas, in Nazarbad and in Ittigegud; (2) complete drainage as per scheme in part II of No. III and in No. IV Drainage areas; (3) improvements to the existing sewers in the Fort; (4) extension of outfall sewer; (5) linking up outfalls and (6) provision of storm water drains The amount is exclusive of compensation for houses and land and establishment charges, which are estimated at Rs. 5,25,574 for the five years.

OFFICE OF THE COMPILER, *MYSORE GAZETTE*.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

5. Under Government Proceedings No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, the English or the Kanarese portion of the *Mysore Gazette* will be supplied to Shanbhogs, Patels and Nad Patels within the Province at *half* rates on production of a certificate from Amildar of the taluk to the effect that such applicant is *bonâ fide* on duty at the time.

6. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, the English or the Kanarese portion of the *Mysore Gazette* will be supplied at *half* rates to the members of the Mysore Representative Assembly during their tenure of office as such members.

7. All subscriptions and advertisement charges are payable *in advance*. When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. All matter intended for publication in Parts II, III and IV should therefore reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

7. All subscriptions and advertisement charges are payable *in advance.* When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

8. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the Province.

9. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons.

10. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

11. An efficient system of check and counter check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript.

3. If no instructions accompany any matter, it will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Secretary to the Government of Mysore, General and Revenue Departments.

7. All subscriptions and advertisement charges are payable *in advance*. When postage labels are sent in payment of subscription, etc., one anna extra per rupee should be added.

B. 432-06, dated 6th February 1909, *re* the revision of the Schedules of rates to be allowed in carrying out public works, (2) Executive Engineer's docket No. 247, dated 20th July 1911, forwarding the schedule of rates prevailing in the Tumkur Division.

Resolved that the rates given in the schedule read above be adopted in sanctioning rates in respect of works to be carried out.

IV. Read (1) docket No. 844-50—L. B. 325-10-4, dated 28th July 1911, from the Secretary to Government, General and Revenue Departments, calling for the submission of the resolution of the District Board regarding the rules proposed in Dasara Representative Assembly Subject No. 221 of 1910 for regulating the use of musafirkhanas and (2) rules for the occupation and preservation of musafirkhanas, published with Government Notification No. 2945—L. F. 59-03, dated 22nd—24th September 1904.

Resolution.—Two annas per day per room may be levied after first three days' gratuitous occupation. Maximum period of occupation to be discretionary as at present.

V. Read Letter No. 1054—60, dated 17th August 1911, from the President, Mysore District Board, forwarding a copy of the resolution of the Mysore District Board contributing a sum of Rs. 3,000 towards the relief measures in connection with the recent Cauveri floods and requesting to be furnished with the resolution of this District Board in the matter.

VIII. Read petition dated 31st July 1911, from Hakim Gulam Mahomed Sab of Tumkur praying for an additional grant to his Unani Dispensary at Tumkur, as the present Municipal grant of Rs. 30 is not sufficient for its maintenance, etc.

Resolution.—It is a fact that this is a popular institution and it is resorted to by the townspeople of Tumkur as well as by the people of the neighbouring villages and taluks. From the accounts furnished, the attendance at the Dispensary is large and the present Municipal grant is quite insufficient to meet the cost of the medicines dispensed. In these circumstances a monthly grant of Rs. 20 may be paid out of the District Funds and the same for the current year may be made available out of the provision in the current year's District Fund Budget under C. Civil Charges—VI. Conservancy and Sanitary charges.

IX. Subjects brought forward at the preliminary meeting of Dasara Representative Assembly Members held at Tumkur in August 1911 and referred to the Board :—

Resolved that this subject be referred to the Executive Engineer for opinion.

(2) Two regular roads may be laid out, one from Uradagere to Kolal and another from Yelekyathanahalli to Mavathur and these roads may be handed over to the Public Works Department for annual maintenance.

Resolved that this subject be referred to the Executive Engineer for opinion.

(3) A tunnel may be constructed to the Bugadanahalli kodihalla to enable people from Tumkur to go to Mudgere, Vokkodi, Narvangalu and other villages on the other side of the halla.

Resolved that this be referred to the Executive Engineer for opinion.

(4) A road may be formed from the first furlong of the 27th mile on the Nelligiri-Sira road to the Bhandehalli gate.

Resolved that this be referred to the Executive Engineer for opinion.

(5) A road may be so laid out as to correct Chitnahalli and Kallur villages with the Gubbi-Hebbur road.

Resolved that this subject may be referred to the Amildar and he may be called upon to report if private contributions can be raised towards formation of the proposed road.

(6) The fines on stray goats should be raised to 4 annas per head.

Resolution.—The matter may be enquired into under the provisions of the Cattle Trespass Act.

X. *Resolved* that the next meeting of the Board be held on the 22nd December 1911, at 3 P.M.

SANITARY.

The following memorandum approved by the Government of His Highness the Maharaja of Mysore, on the subject of rat destruction, is published for general information :—

Official efforts directed towards extirpating the rats in towns by rewarding rat catchers having proved unavailing, the Government of His Highness the Maharaja of Mysore are pleased to direct that rewards for rat killing shall cease forthwith. In promulgating this order Government desire it to be clearly understood that they fully recognise the connection between the existence of rats and the prevalence of plague. But as the payment of rewards to rat catchers has not been found to rid any town or locality of even a small proportion of the rats and as this state of affairs can clearly have no appreciable influence on plague, it is considered a mere waste of energy and public funds to continue the practice. At the same time the fact remains that houses which are kept free from rats are also for the most part free from plague. No official effort, however, can rid individual residences of rats. This can only be done by the efforts of the house-holders themselves, and if the official procedure has had no other effect it must at least have left every house-holder fully instructed as to the various means of ridding a house of rats. House-holders are accordingly earnestly enjoined to put forth all their energies and intelligence in the endeavour to rid their premises of rats, and they are assured that success in this direction will mean safety to their families from plague. While thus withdrawing sanction for the expenditure of public funds on rat destruction, it is not the intention of the Government to interfere with individual or combined effort on the part of the house-holders of any town to rid their boundaries of the rat tribe in any way that may suggest itself to them.

2. In regard to public buildings all Heads of Departments are strictly enjoined to spare no effort in keeping their offices free from rats. They should themselves frequently inspect their offices. It should be the duty of the manager of every office to inspect every room and every corner of it at least once a week. He should see that rubbish, old papers, etc., are not allowed to accumulate, that a clear space of at least 8 inches is allowed between boxes and almirahs and walls, and that papers and other materials are allowed to collect beneath them. All almirahs should be fitted with oblique tops so that rubbish cannot lie on them.

3. All floors should be rat proof, that is, they should either be laid with tiles or slabs or brick on edges on a foundation of concrete or made of concrete skinned over with ¾th" cement. Great care should be exercised in laying slabs of any kind to see that they are solidly bedded, that is, that no rat runs are left between adjoining slabs. They should never be laid on sand or mere earth, but always on concrete.

4. If there is one element in house management more than another which counts for rat expulsion, it is "tidiness" and this accordingly is enjoined on all. "Tidiness" does not mean decorations or tinsel with which it is often confounded—it means "a place for everything and everything in its own place."

Officiating Sanitary Commissioner.

N. B.—All the Amildars and Deputy Amildar of Harihar, except the Amildar of Challakere Taluk, were present.

I. Read and recorded the proceedings of the meeting of the Board held on the 7th and 8th July 1911.

II. Read the District Fund Administration Report and Accounts of the Chitaldrug District received from the Finance Committee for the year 1910-11.

Resolved that this be submitted to Government.

III. Read list of incomplete works of previous year requiring appropriation for their completion during the current year.

Resolved that the list be submitted to Government, and sanction obtained to complete the incomplete works at a cost of Rs. 4,097 to be met from the provision made in the current year's budget for both incomplete and new works.

IV. Read the General and Revenue Secretary's docket No. 844-50—L. B. 325-10-4, dated the 28th July 1911, calling for the resolution of the Board regarding the proposed rules for regulating the use of musafirkhanas (R. A. Subject No. 221 of 1910).

Resolution.—*Bona fide* travellers to be allowed to occupy any musafirkhana free of rent for five days and afterwards to pay a rent of two annas per day per room. When Government officers on duty occupy the same, they to pay two annas per day per room from the very first day. In all cases, no one to be permitted to occupy the musafirkhana for more than fifteen days at a time, except with the previous permission of the Deputy Commissioner. Government officials drawing a pay of less than Rs. 30 per month to be treated as *bona fide* travellers.

V. Read General and Revenue Secretary's docket No. 1567—Med. 226-10-3, dated the 24th August 1911, calling for the Resolution of the District Board in the matter of a new building for Local Fund Dispensary at Davangere.

VI. Read docket No. 499, dated the 15—16th August 1911, from the Executive Engineer, Marikanve Division, stating that the whole charge required for the pay of the sweepers at Marikanve should be met from District Funds.

Resolution.—As most of the officials at Marikanve belong to the D. P. W., it is but right that the D. P. W. must pay a moiety of the charges, but if it is decided

that the whole of the charges should be met by the District Board, then, only one sweeper may be entertained instead of the two that are now sanctioned.

VII. Read docket No. 503, dated the 17—20th August 1911, from the Marikanve Division Executive Engineer, stating that the villagers may use the road passing in the rear of the breached tank of Babbur in the Hiriyur Taluk and that it will be for them to maintain the road.

Resolved that this question may be considered after the introduction of the block system of irrigation, when a road from Hiriyur to Maskal lodge may probably be made.

VIII. Read correspondence ending with Davangere Assistant Commissioner's yadi No. 57, dated 29th August 1911, recommending that a cattle-pound may be opened at Kappagere village, Hosdurga Taluk, as a temporary measure, for a period of one year, as there is no pound within a radius of 4 or 5 miles from that village.

Resolved that the cattle-pound be opened at Kappagere village tentatively for a couple of years.

IX. Read and recorded the following Government Proceedings :—

(1) Government Order No. 1715-6—L. B. 357-10-4, dated the 29th August 1911, sanctioning the Board's proposal to entertain two sweepers on Rs. 4 each per mensem in lieu of 4 sweepers on Rs. 2 each in the Ramgiri Union, Holalkere Taluk.

X. Resolved that the next meeting of the Board be held on the 22nd December 1911.

T. G. RAMA IYER,
For *President, District Board.*

SANITARY.

The following memorandum approved by the Government of His Highness the Maharaja of Mysore, on the subject of rat destruction, is published for general information :—

Official efforts directed towards extirpating the rats in towns by rewarding rat catchers having proved unavailing, the Government of His Highness the Maharaja of Mysore are pleased to direct that rewards for rat killing shall cease forthwith. In promulgating this order Government desire it to be clearly understood that they fully recognise the connection between the existence of rats and the prevalence of plague. But as the payment of rewards to rat catchers has not been found to rid any town or locality of even a small proportion of the rats and as this state of affairs can clearly have no appreciable influence on plague, it is considered a mere waste of energy and public funds to continue the practice. At the same time the fact remains that houses which are kept free from rats are also for the most part free from plague. No official effort, however, can rid individual residences of rats. This can only be done by the efforts of the house-holders themselves, and if the official procedure has had no other effect it must at least have left every house-holder fully instructed as to the various means of ridding a house of rats. House-holders are accordingly earnestly enjoined to put forth all their energies and intelligence in the endeavour to rid their premises of rats, and they are assured that success in this direction will mean safety to their families from plague. While thus withdrawing sanction for the expenditure of public funds on rat destruction, it is not the intention of the Government to interfere with individual or combined effort on the part of the house-holders of any town to rid their boundaries of the rat tribe in any way that may suggest itself to them.

2. In regard to public buildings all Heads of Departments are strictly enjoined to spare no effort in keeping their offices free from rats. They should themselves frequently inspect their offices. It should be the duty of the manager of every office to inspect every room and every corner of it at least once a week. He should see that rubbish, old papers, etc., are not allowed to accumulate, that a clear space of at least 8 inches is allowed between boxes and almirahs and walls, and that papers and other materials are on no account placed on the top of almirahs or allowed to collect beneath them. All almirahs should be fitted with oblique tops so that rubbish cannot lie on them.

3. All floors should be rat proof, that is, they should either be laid with tiles or slabs or brick on edges on a foundation of concrete or made of concrete skinned over with ¾th"

cement. Great care should be exercised in laying slabs of any kind to see that they are solidly bedded, that is, that no rat runs are left between adjoining slabs. They should never be laid on sand or mere earth, but always on concrete.

4. If there is one element in house management more than another which counts for rat expulsion, it is "tidiness" and this accordingly is enjoined on all. "Tidiness" does not mean decorations or tinsel with which it is often confounded—it means "a place for everything and everything in its own place."

P. S. ACHYUTA RAO,
Officiating Sanitary Commissioner.

SANITARY.

The following memorandum approved by the Government of His Highness the Maharaja of Mysore, on the subject of rat destruction, is published for general information :—

Official efforts directed towards extirpating the rats in towns by rewarding rat catchers having proved unavailing, the Government of His Highness the Maharaja of Mysore are pleased to direct that rewards for rat killing shall cease forthwith. In promulgating this order Government desire it to be clearly understood that they fully recognise the connection between the existence of rats and the prevalence of plague. But as the payment of rewards to rat catchers has not been found to rid any town or locality of even a small proportion of the rats and as this state of affairs can clearly have no appreciable influence on plague, it is considered a mere waste of energy and public funds to continue the practice. At the same time the fact remains that houses which are kept free from rats are also for the most part free from plague. No official effort, however, can rid individual residences of rats. This can only be done by the efforts of the house-holders themselves, and if the official procedure has had no other effect it must at least have left every house-holder fully instructed as to the various means of ridding a house of rats. House-holders are accordingly earnestly enjoined to put forth all their energies and intelligence in the endeavour to rid their premises of rats, and they are assured that success in this direction will mean safety to their families from plague. While thus withdrawing sanction for the expenditure of public funds on rat destruction, it is not the intention of the Government to interfere with individual or combined effort on the part of the house-holders of any town to rid their boundaries of the rat tribe in any way that may suggest itself to them.

2. In regard to public buildings all Heads of Departments are strictly enjoined to spare no effort in keeping their offices free from rats. They should themselves frequently inspect their offices. It should be the duty of the manager of every office to inspect every room and every corner of it at least once a week. He should see that rubbish, old papers, etc., are not allowed to accumulate, that a clear space of at least 8 inches is allowed between boxes and almirahs and walls, and that papers and other materials are on no account placed on the top of almirahs or allowed to collect beneath them. All almirahs should be fitted with oblique tops so that rubbish cannot lie on them.

3. All floors should be rat proof, that is, they should either be laid with tiles or slabs or brick on edges on a foundation of concrete or made of concrete skinned over with ¾th". cement. Great care should be exercised in laying slabs of any kind to see that they are solidly bedded, that is; that no rat runs are left between adjoining slabs. They should never be laid on sand or mere earth, but always on concrete.

4. If there is one element in house management more than another which counts for rat expulsion, it is "tidiness" and this accordingly is enjoined on all. "Tidiness" does not mean decorations or tinsel with which it is often confounded—it means "a place for everything and everything in its own place."

P. S. ACHYUTA RAO,
Officiating Sanitary Commissioner.

2. No tender will be received after 10 A.M. on the 1st December 1911.

3. Tenders to be superscribed "Tenders for the supply of provisions for the Civil Hospital and Dispensary, Chitaldrug." The form of the tender is given below.

4. No tenders will be received unless accompanied by a deposit of Rs. 100 in cash, currency notes or Government bonds.

6. All tenders must specify the rates at which the articles can be supplied in pound weight or in ounce per rupee as the case may be, milk and similar articles in fluid ounce, gallons or imperial pints per rupee.

7. The quantities stated in the annexed list are not guaranteed.

8. The District Medical and Sanitary Officer reserves to himself the right of rejecting any tender without assigning any reason for so doing.

9. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the contract bond or to furnish security to the amount of Rs. 200 in cash or Government bond within three days from the date of acceptance of the contract being made known to him. The form of contract bond will be supplied by the District Medical Officer.

10. No advance of cash will be made to the contractor. Payment for the articles supplied will be made by the District Medical and Sanitary Officer as soon as possible, before the 31st or close of each month on producing the necessary accounts and vouchers with a bill in English or Kanarese for the cost of all articles correctly calculated. Persons who are unable to do this need not compete.

11. A store room will be made over to the contractor, in which he can keep all non-perishable articles, of which not less than one month's supply must be always in store. Perishable articles such as vegetables, meat, tyre, etc., must be at the Civil Hospital by 8 A.M. daily. All articles except those mentioned otherwise should be of the first sort, and any article of diet rejected should be replaced within an hour. He must arrange to see all articles required, during his absence, supplied through his servant without delay.

13. A fine not exceeding Rs. 10 will be levied at the discretion of the District Medical and Sanitary Officer in charge of the institution for every infringement of the stipulation of the contract or for the supply of any inferior articles; and if the stipulation of the contract be frequently violated, the contract will be annulled and the security confiscated to Government.

14. The decision of the District Medical and Sanitary Officer or of the Senior Hospital Assistant in his absence to be final in all questions of infringement of contract.

15. The sale at the contractor's room of any article to the outside public or to any servants within the Hospital is strictly prohibited.

17. In case the contractor, after taking the contract, is not willing to carry out his agreement, he shall give at least a month's notice or shall forfeit the security money to Government.

18. European diet scale is omitted as there has not been any demand during the past three years or so; they will have to be substituted for Native diets, if required, and that rarely. Baked bread to be substituted for sojee or rice, or both, if any patient desires it.

There will be a separate tender for each coupe. The deposits of unsuccessful tenderers will be returned at once and of the successful tenderers will be held as security for the due performance of the contract.

3. Tenders may be made for the timber of the whole coupe or for a specified number of trees of each kind, but applications for less than ten trees will not be entertained. The rates offered must be based on the outturn of timber in cubic feet after squaring or dressing and shall vary according to the cubic contents or girth of the logs or pieces.

4. The final acceptance of the tenders will rest with the Conservator of Forests who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. The successful tenderer will, within a week of the receipt of intimation of the acceptance of his tender or tenders, execute an agreement accepting the terms specified below, in default, the order of acceptance will be cancelled and the deposit forfeited to Government.

One half by the 1st February 1912.

Balance 15th June 1912.

(*b*) That trees shall be filled in consecutive order as they are marked. Picking and choosing will not be allowed.

In felling trees care should be taken to fell so as not to cause damage to the surrounding growth.

(*c*) That he shall fell the trees he has purchased and dress the logs on the spot. He will not be bound, however, to remove such logs as the District Forest Officer may declare to be unsound and unfit for sale without recourse to sawing. The District Forest Officer's decision in this matter will be final.

(*d*) That only saws will be used for cutting up the logs into the required lengths, and that while he is permitted to remove whitewood, knots and flukes, he shall cause no unnecessary waste in dressing the logs. The District Forest Officer's opinion regarding the overdressing of logs shall be final and the purchaser should pay the amount for such wastage as calculated by the District Forest Officer.

(*e*) That he binds himself to pay for and remove all marketable portions of a tree either in logs, pieces or poles.

(*f*) That the timber prepared out of each tree shall be measured and stamped by the Range Officer or such other officer as the District Forest Officer may authorize at the stump. Until the timber is marked at the stump, the timber shall not be removed.

(*g*) That he shall pay for all the timber measured as per clause (*f*) before removal from the forest or the depot fixed by the District Forest Officer.

(*h*) That all removals shall be effected under passports issued by the Forest Officer in charge of the forest or depot and on presentation of the Treasury receipt for the value of the timber he intends to remove.

(*i*) That if any tree other than the one bearing the departmental stamp impression, or a tree that he has not purchased, is felled, he will pay a fine not exceeding Rs. 15 for each tree.

(*j*) That the timber paid for but not removed within six months of the termination of the contract shall lapse to Government.

(*k*) That he agrees that such timber as may not be paid for before the 15th June 1912, shall lapse to Government.

(*l*) That he agrees to abide by the rules of the Department as regards kindling of fires and holds himself responsible for any forest offences committed by his agents, employees and workmen.

(*m*) That he agrees to the cancellation of the contract and the forfeiture of his deposit for breach of any of the terms of the contract.

(*n*) That he agrees to maintain a register in the form prescribed by the District Forest Officer showing the serial number and kind of tree felled and the outturn of timber for each tree, which will be open to the examination of all Forest officers.

Referred to the respective Taluk Boards for favour of their views on the subject.

(1) The Shimoga-Holehonnur road may be completed at an early date.

(2) Improvements to be made to the cart-track at Kainsara near Holehonnur for affording an easy passage to men and carts passing on that route during the rainy reason.

(3) That the Jade-Tavanandi road may be transferred to the Public Works Department as it is not properly maintained by the Revenue Department.

(4) The Union Panchayets established in the Sorab Taluk, except the one at Anavatti, merely on a consideration that the population of the Asli and Majre villages exceeded 1,000 may be abolished.

(5) That bridges may be ordered to be constructed over the hallas met with on the Nagar-Yadur read and on the Lakshmipur road, as crossing these in the rainy season is extremely difficult.

(6) A native vaidya-ala may be established at Santhebennur and also a midwife posted here as Channagiri is far away from this place, until the establishment of a vaidyasala is sanctioned, the Hospital Assistant at Channagiri may be asked to visit this place as before, as the weekly visits of the Hospital Assistant to this place have now ceased.

(7) A Branch Dispensary may be opened out of Provincial Funds at Tavarekere, which is situated in the middle of the hilly and forest tract comprising Ubrani and Sivani hoblis wherein malaria prevails, as the nearest dispensary is at a distance of 15 miles from this tract.

(8) Musafirkhanas may be constructed at Jammapura and Medagondanahalli as travellers passing from Channagiri to Ubrani depot and Ajjampur have no convenient halting places on the route.

(9) The building for the Local Fund Dispensary at Nyamti may be constructed early, as much inconvenience is felt for want of a suitable building and the present building contains no room for carrying on surgical operations.

(10) Roads from Issur to Ambligolla and from Sankre Siddapanakanve to Issur *via* Tarlighatta may be kindly ordered to be laid out as Issur is a very big village of much traffic.

(11) That Ulvi-Kadasur road may be entrusted to the Public Works Department as the repairs now executed annually by the Revenue Department are not sufficient to keep it in a trafficable condition.

(12) The railings on both sides of the bridge over the Dandavati river at Sorab may be ordered to be fixed, as the ground level on either side of the bridge is very low and accidents are liable to happen.

(13) That a good road may be constructed between Chikkerur in the Dharwar District and Banavasi in the North Canara District as the existing cart-tract is largely used for grain traffic by the people of Anavatti and Kuppagodde hoblis.

(14) A Local Fund Dispensary at Anavatti may be established and a midwife also posted to this place, as this is a populous place far off from Sorab and Siralkoppa and is situated close to Jade and Kuppagodde hoblis.

(15) A musafirkhana at Anavatti may be established as no suitable accommodation for travellers exists here.

(16) A bridge may be constructed over the Dandavati river on the Tavanandi-Anavatti high road, as much inconvenience to traffic is caused in the rainy season.

(17) A Local Fund Dispensary may be established at Yedur as it is far away from Tirthahalli and from Nagar.

(18) That arrangements may be made for repairs of the bund and removing the silt from the tank at Kallurkatte, as much inconvenience is caused for want of water for the daily needs of men and cattle.

(19) That the village roads constructed from Tirthahalli to Kavaledroog and from Ulvadi to Ayanur *via* Hanagere may be taken over under Government management.

The next meeting of the Board will be held on the 15th December 1911.

5. Read Government Proceedings No. G. 1769-824—Gen. 101-11-5, dated the 18th September 1911, passing orders regarding the local celebrations on the occasion of the Imperial Durbar to be held at Delhi on the 12th December 1911 by His Majesty the King-Emperor for the purpose of making known the solemnity of his Coronation.

Resolved to contribute a sum of rupees four hundred to supplement private resources and the Mining Board contribution for celebrating the auspicious event on the Kolar Gold Fields.

6. Read Government Proceedings No. 2521-6—Med. 190-10-4, dated the 6th October 1911, *anent* the establishment of a Maternity Hospital on the Kolar Gold Fields.

Resolved unanimously that in view of the particular nature of the Kolar Gold Fields Sanitary Board area, whose population consists of diverse classes of people from various parts of the country, scattered over the Fields and whose interests and wants, especially in matters of water-supply, drainage, healthy surroundings, etc., need much attention, the Board regret their inability to meet half the cost of the institution, with their very limited sources of income; but having regard to the great importance of and pressing necessity for the institution, they will be prepared to bear one-third of the costs of the initial expenditure and of the recurring charges, being Rs. 1,033 and Rs. 172 per mensem, respectively, besides a moiety of the costs of acquiring and adapting the Coronation building for the purpose as already agreed to, and that accordingly the Government be requested to kindly reconsider their order with regard to the up-keep of the establishment and direct the opening of the Maternity as early as possible.

Also read docket No. 340-42, dated the 17th July 1911, from the Sanitary Commissioner, to the Deputy Commissioner, Kolar District, inviting his opinion as to why the temporary plague establishment should not be dispensed with, and re-entertained whenever necessary, for specified periods with the previous sanction of Government.

Resolved that as there is now an epidemic of plague in some of the villages within the Board's area, the staff cannot be dispensed with immediately, but some portion of the establishment will be done away with, as soon as circumstances render it feasible, and that the Government be requested to accord general sanction empowering the Board to re-entertain the requisite staff whenever necessary, and as regards the charges the Board regret their inability to bear a moiety of the charges incurred on plague preventive measures in general.

9. Read Government Proceedings No. 6233-4—L. B. 212-10-2, dated 24th January 1911, sanctioning the temporary Market establishment till the end of December 1911.

THE MYSORE ECONOMIC CONFERENCE.

EDUCATION COMMITTEE.

Dated 6th December 1911.

The following note on 'Village Schools in Mysore' is published for general information.

By Order,
C. KRISHNA RAU,
Secretary.

VILLAGE SCHOOLS IN MYSORE.

1. There are in the State a total number of 16,784 villages. If, by the usual mode of reckoning, 15 per cent of the entire population be taken as comprising boys of school-going age, it will be seen that every village that has a population of 200 can contribute 30 pupils for a school. If these and smaller villages be considered too small to have schools of their own, a village with a population of 300 may safely be taken as deserving a school. There are in Mysore 4,609 such villages. Of these, only 1,751 have the advantage of having a departmental or an aided school. Among other villages there are 1,876 which have unaided private schools. There are, therefore, yet 982 large villages which are not blessed with a school of any kind whatever.

2. Among the villages which are provided with departmental schools there are several in which the attendance can be easily improved without any addition to the staff or to the building. Out of 834 schools in the four districts comprising the Bangalore Circle, the returns from which for a certain month have been examined, there are 105 schools which have on their rolls fewer than 20 pupils, and 334 which have on their rolls between 29 and 30 pupils. With this may be compared the average number of pupils in a Boys' Primary School elsewhere, which is 32 in Madras, 54 in Bombay, and 67 in the Central Provinces. The average attendance in 98 schools is less than 10, in 118 schools between 10 and 15 and in 346 schools between 15 and 25. Other returns received from some of these schools show that there are in the villages in which these schools are situated several children that ought to be in the school but are not there. With a little exertion on the part of the teacher, the village officials, and school committees, the strength and attendance of these schools can be greatly improved.

3. In the case of children that help their parents in industrial pursuits or are engaged in wage-earning occupations, a little adjustment of the working hours of the school to suit local and seasonal requirements may go a great way towards improving school attendance. While in Japan 4 pupils out of 5 of school-going age are under instruction, there is only one out of 39 such pupils under instruction in Mysore. While the average number of villages served by a Boys' Primary School is 2·6 in Madras, 4·3 in Bombay and 4·4 in Bengal, the average number of villages served by a public village school in Mysore is 9·5. While the number of square miles served by a Boys' Primary School is 6·6 in Madras and 3·7 in Bengal, the number of square miles for which there is a village school in Mysore is 8. While in Baroda 78·5 per cent. of boys, 48·7 per cent. of girls and 8·4 per cent. of the total population are under instruction, the corresponding figures for Mysore are 28·4, 5·2 and 2·3.

4. If a suitable building (one consisting of a single room measuring 15' by 22' with a veranda 7' wide is considered most convenient) be provided, one teacher can easily manage a Lower Primary School attended by 40 children. There is thus scope not only for establishing new schools where none exist but also for improving the attendance in the case of existing schools.

5. The following suggestions are offered for the guidance of those interested in and are responsible for securing from these useful institutions the maximum advantage derivable from them.

(a) WHAT THE VILLAGERS CAN DO.

(1) They can erect commodious and well ventilated school houses where required.

(2) They can maintain the school house in proper repair.

(3) They can whitewash the building at least twice a year.

(4) They can help the teacher in maintaining a school garden and in procuring such inexpensive materials as he may require to make school lessons attractive as well as useful.

(5) They can send children to school punctually and regularly.

(b) WHAT THE TEACHER CAN DO.

(1) He can make the school house attractive by keeping it tidy by decorating the walls with pictures and specimens of the best written work of the pupils, and by maintaining a school garden.

(2) He can secure the interest of the pupils by making his teaching realistic, by providing himself with suitable illustrative material for his lessons and by joining the boys in organised games.

(3) He can talk to the parents that do not send their children to school or fail to send them regularly.

(4) He can secure the sympathy of villagers by visiting pupils when they are reported to be ill and inquiring after their health.

(c) WHAT THE VILLAGE OFFICIALS AND THE MEMBERS OF SCHOOL COMMITTEES CAN DO.

(1) They can pay regular visits to the school by turns and check attendance.

(2) They can call upon negligent parents to send their children regularly to school.

(3) They can see that the children are properly dressed and that none suffering from infectious diseases are allowed to attend school.

(4) They can see that a statement showing the number of boys and girls of school going age in the village, the number on roll in each class of the school, the dimensions of each class room and the number of pupils that can be accommodated in it allowing 8 square feet of floor space for each pupil, is always hung on the wall in a conspicuous place.

(5) They can render such help as the teacher may need in keeping the building and the premises clean and tidy and in procuring suitable illustrative material for his lessons.

(6) They can inquire into and settle any disputes that may arise between the teachers and the villagers.

6. It is hoped that a careful consideration of the points dwelt on in this short note will show that an earnest effort has yet to be made to utilise to their fullest extent the facilities already provided for the spread of Elementary Education.
